

This document will show you how to add files from the vCam Mobile Controller App to the Apple Files app to share them with iCloud.

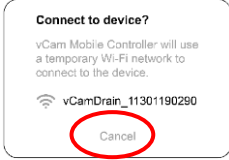

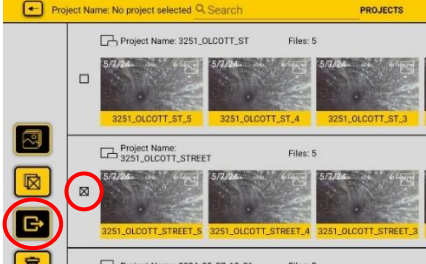

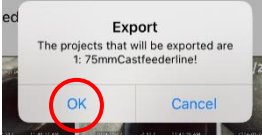

Using iCloud makes sense because:

- The maximum file size an Email can handle [is 25MB](#).
- The maximum size file you can send by text [depends on your carrier](#).

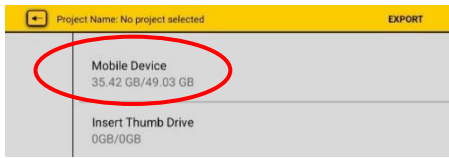

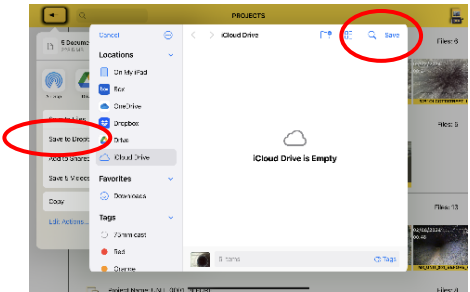

You can text or email pictures, but you should use a file-share app, like iCloud, to share videos.

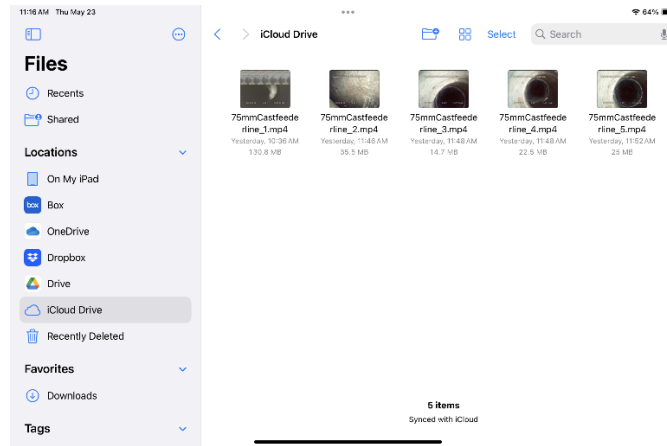

We highly recommend you learn how to set up your Files folder and iCloud apps for the best user experience. For example, you should learn how to add and structure folders to keep things organized. The following link will help you set up your Apple iCloud access and manage your files in the iCloud app. [Apple link](#).

After you've created your video and JPEG files, disconnect from the control module or reel to free up your Wi-Fi or cellular connection. You cannot send emails or share files while connected to the control module or reel.

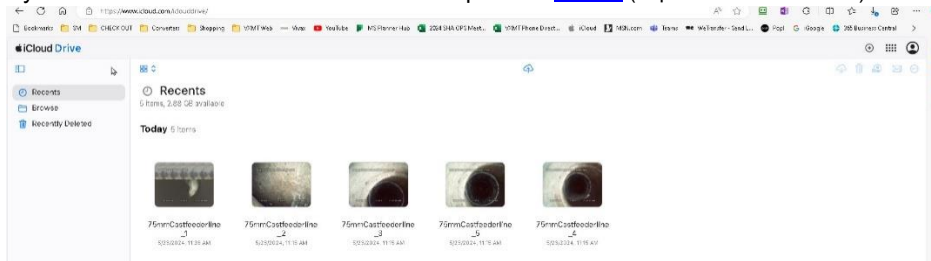

<p>1. Disconnect from the control module or reel by tapping the Step <b>Back/Exit</b> icon.</p>	
<p>2. Return to the VMC app Start screen and select the product with the files in its Gallery.</p>	
<p>3. Tap on <b>Cancel</b> when asked if you want to connect again. <b>Please do not connect to it.</b></p>	
<p>4. Tap on the Gallery icon to enter the Gallery.</p>	
<p>5. In the Gallery, tap on the <b>Share</b> icon. It will turn from yellow to black, showing that it is active, and checkboxes will appear.</p>	
<p>6. Tap on the box to mark the project you want to share.</p>	
<p>7. Tap the Share icon again and <b>OK</b> in the Export confirmation box.</p>	

<p>8. In the Export screen, tap on <b>Mobile Device</b>.</p>	
<p>9. Tap on the <b>iCloud Drive™</b> icon.        10. Tap on <b>Save</b>.</p>	
<p>11. Open the <b>Files</b> (iCloud) app and see the files that were exported into it.</p>	

You can also log into your iCloud account from a Windows computer at [iCloud](https://www.icloud.com/) (https://www.icloud.com/)

(iCloud and iCloud Drive are service marks of Apple Inc., registered in the U.S. and other countries and regions)
